

Intensive Care Unit Transition to Specialty Practice

ABOUT THE PROGRAM

The Intensive Care Unit Transition to Specialty Practice (TSP) Program is designed to introduce nurses to the critical care environment. Nurses will attend study days in conjunction with experiential learning to equip them with the knowledge and skills required for quality intensive care nursing practice. Concepts explored will include advanced patient assessment skills, haemodynamic monitoring and care of the patient requiring mechanical ventilation.

LEARNING OBJECTIVES

- To incorporate theoretical knowledge to plan and implement care of the patient requiring intensive care.
- Demonstrate the capacity to problem solve and think critically in the clinical environment.

WHO SHOULD APPLY?

- Division 1 Registered Nurses with minimum 12 months experience.
- These positions are suitable for nurses with acute tertiary hospital nursing experience. Applications from 2023 Graduate Nurse Program participants are welcomed.

HOW TO APPLY

Via e-Mercury at Austin Health with a cover letter, curriculum vitae and 2 professional referees.

Application period:
11/9/2023 – 1/10/2023
